## The Ritual of Tea

---

*Choose from these three very different but equally special tea rituals.*

### BRITISH AFTERNOON

A quintessentially British tradition, this classic tea ceremony dates back to the 1830's when Anna Maria, the Seventh Duchess of Bedford, first introduced it to her exclusive circle of friends.

### TISANE

Originating from the Greek for barley water, the Tisane ritual offers not teas, but a fabulous array of herbal and fruit infusions – perfect for those seeking a light and refreshingly different experience.

### ORIENTAL

A delightful fusion of Chinese and Japanese traditional tea ceremonies, with all the poise and elegance of the Orient, this delicate, precise ritual takes you back to the true origins of tea.
